

ALFRED J. BOUCHER MAYOR

Forty-Third Annual Report

OF THE

Municipal Government

OF THE

City of Somersworth, N. H.

FOR THE

Financial Year Ending Feb. 28, 1936

MAYOR'S INAUGURAL ADDRESS

Gentlemen of the City Council:

We, as incumbents of public trust, will be called upon to face and solve problems which will require very serious consideration during our term of office. We must always have in mind the best interest of our City's welfare, before arriving at any definite decisions.

The industrial as well as the financial conditions of our Community have reached a point which, without doubt, the most conservative will admit to be the most critical since the incorporation of our City.

It is my opinion that you will exercise sound judgment in all your public affairs. Your cooperation with that of the City Officials and the Citizens as a whole will be necessary if we are to better the conditions of our Community, and *this* cannot be accomplished if cooperation and unity are lacking. No sound business can be a success without it, as the old slogan, "In unity there is strength, divided we fall," will readily prove.

I am asking you to consider all questions for the best interests of our City, and not for any particular individual or group of individuals.

With your pledges of good faith and assistance we cannot fail to administer the affairs of our city in a manner creditable to you, and the citizens whom you represent, and I am certain that by carefully weighing every question placed before us for disposal, we shall have given a successful administration of our government affairs at the end of our fiscal year.

Before going into my recommendations for the coming year, I would like to convey to you the present financial conditions of our city at this date.

The high school and highway bonds total \$126,000.

Outstanding notes which were borrowed in anticipation of 1934 taxes total \$35,000 and will be due March 20, 1935.

State and County taxes and unpaid relief bills will approximate \$35,000. The latter must be paid before any more State relief funds can be obtained.

We also have a Water Works bond issue of \$48,000 of which \$4,000 has been paid, leaving a net bonded Water Works debt of \$44,000. I do, however, believe that the good water now available warrants the expenditure, but the debt must be paid as any other debt.

Therefore, you are confronted with a total debt of approximately \$241,000, nearly \$71,000 of which is due at once.

I recommend a bond issue of not more than \$66,000 to meet this situation. The general condition of our public buildings appears to be good enough for the present and should cause us very little expense throughout the coming year.

Our Fire Department deserves credit for its efficient service throughout the past year. It is, however, well equipped with modern machinery, and could be maintained at a slightly lower appropriation for the coming year. I hope that the efficient service and general efficiency of the department will continue.

Taxes:

I recommend giving a discount on all early payment of taxes, as has been the custom in recent years. This is beneficial to the taxpayer, and will at the same time help the city to meet early obligations.

I also recommend that the tax collector include the collection of all water department bills, as this will bring about a reduction in the cost to our city.

Our school buildings are in good condition and very little repairing and refinishing should be necessary this year. As in the past our schools have maintained a high scholastic rating and although this is our largest department, careful consideration should be taken before any changes are made.

Highway Department:

Generally speaking, our highways are in good condition, and the maintenance of these should be reduced to an efficient minimum. The cost of operating this department has been too great for the condition of our community and I believe a unification of Street Commissioner and Superintendent of the Forest Glade Cemetery will save a substantial amount for our city. I wish, also, to make the proposal that we give a fair trial to the consolidation of Garbage Collection with the Street Department, and if this does not prove economical and satisfactory, we should give it out as a bidding proposition.

The Relief Department has now become a very important factor in our city finance. This is due primarily to the unemployment situation now confronting our nation. The new relief bill which has just been formed states that the city must pay 50% (fifty percent) of the total cost in lieu of the 25% necessary in the past year. This increase will, I believe, have to be obtained from a special appropriation.

In closing I should like to ask all of you for your whole-hearted and sincere cooperation in conducting our municipal business.

MUNICIPAL ELECTION

March 12, 1935

The following is a statement of the vote of Ward 1, Ward 2, Ward 3, Ward 4, Ward 5, as declared by the moderators of these respective wards, at the closing of the polls, on the twelfth day of March, 1935.

RESOLUTIONS

Somersworth, N. H., March 11, 1935.

Resolved: That the Committee on Finance be and hereby are authorized and empowered to borrow in anticipation of taxes, to meet current expenses in such amounts and at such times as may be deemed advisable at the lowest rate of interest obtainable; the sum of all amounts so borrowed not to exceed Thirty-five Thousand (\$35,000) Dollars and that the proper officers of the City be authorized to give the City's Notes or Note therefor. All debts incurred under authority of this resolution are hereby expressly made payable from the taxes of the current municipal year.

Passed March 11, 1935.

Somersworth, N. H., March 19, 1935.

Resolved: That the Committee on Finance be and hereby are authorized and empowered to borrow in anticipation of taxes to meet current expenses, in such amounts and at such times as may be deemed advisable, at the lowest rate of interest obtainable; the sum of all amounts so borrowed not to exceed Sixty-Five Thousand and no 100 Dollars (\$65,000.00), and that the proper officers of the City be authorized to give the City's Notes or Note therefor. All debts incurred under authority of this resolution are hereby expressly made payable from the taxes of the current municipal year.

Passed March 19, 1935.

Somersworth, N. H., April 2, 1935.

Resolved: That the Collector of Taxes, Edward L. Flanagan, be empowered and authorized to receive,

demand and collect the outstanding taxes for the year 1932-1933 and 1934 and 1935 due or to become due the City of Somersworth.

Passed April 2, 1935.

Somersworth, N. H., April 2, 1935.

Resolved: That the Collector of Taxes of the City of Somersworth for the year 1935 be authorized and empowered to allow interest on taxes for the current year, at the following rates; excluding payments on Poll Taxes: April 1st to April 30th, 4% ; May 1st to May 31st, 3% ; June 1st to June 30th, 2% ; July 1st to July 31st, 1%.

Passed April 2, 1935.

Somersworth, N. H., April 2, 1935.

Resolved: That the officers of the present Board of Water Commissioners of the City of Somersworth, New Hampshire, be and hereby are declared vacant on this 2nd day of April, 1935.

Passed April 2, 1935.

Somersworth, N. H., December 3, 1935.

Resolved: That the Committee on Finance be and hereby is authorized and empowered to borrow in anticipation of taxes, to meet current expenses in such amounts and at such times as may be deemed advisable at the lowest rate of interest obtainable; the sum of all amounts so borrowed not to exceed Thirty-five Thousand (\$35,000) Dollars and that the proper officers be authorized to give the City's Notes or Note therefor. All debts incurred under authority of this resolution are hereby expressly made payable from the taxes of the current municipal year.

Passed December 3, 1935.

Somersworth, N. H., February 4, 1936.

Resolved: That the Committee on Finance be and hereby is empowered to transfer from any department that may have an excess of appropriation or from any money remaining in the treasury, not otherwise appropriated and apply to such department as may have expended more than the appropriation therefor.

Passed February 4, 1935.

Somersworth, N. H., February 11, 1936.

Resolved: That Section 4 of Article XI be amended by striking out, Eighteen Hundred dollars so when said section as amended will read as follows: Section 4; The Collector of taxes shall receive for his compensation for the year 1935 one percent on all collections.

Passed February 11, 1935.

Somersworth, N. H., April 30, 1935.

Resolved: That in view of the fact that more work has been added to the Overseer of the Poor Department, it is hereby resolved, that an additional compensation be granted to the incumbent of said Department to an amount not to exceed the sum of \$125.00 for each period of three months beginning May 1, 1935.

Passed April 30, 1935.

Somersworth, N. H., October 1, 1935.

Be it resolved by the City Council of the City of Somersworth:

That, in accordance with an Act of the New Hampshire Legislature approved April 3, 1935, entitled "An Act Authorizing the City of Somersworth to Issue Refunding Notes on Bonds" and in accordance with the Municipal Bonds Statute, Chapter 59 of the Public Laws, as amended, so far as consistent with said Act, and for

the purpose of refunding outstanding floating indebtedness of the City of an aggregate principal amount of forty thousand dollars (\$40,000), including City Council and the City Treasurer be and they hereby are authorized to prepare, issue and sell bonds of the City of Somersworth in the aggregate principal amount of forty thousand dollars (\$40,000), to be designated "Refunding Bonds", to be dated November 1, 1935, to be payable serially five thousand dollars; (\$5,000) on November 1, of each year 1936 to 1943 inclusive, to bear interest at the rate of three per centum (3%) per annum, payable semi-annually to be in the form of coupon bonds payable to bearer in the denomination of one thousand dollars (\$1,000) each, to be numbered 1 to 40 inclusive, and both principal and interest to be payable at the First National Bank of Boston, Massachusetts. Said bonds shall be signed by the Mayor, countersigned by the City Treasurer and by the City Clerk, shall bear the city seal, shall have interest coupons attached bearing the facsimile signature of the City Treasurer that it has been registered by him; and shall be certified by the First National Bank of Boston, Massachusetts. Other details as to the form of said bonds may be fixed by the City Treasurer but shall be consistent with this resolution.

The proceeds of the sale of said bonds shall be used only for the purposes authorized by the above-mentioned Act and by this resolution.

Passed October 1, 1935.

PETITIONS

Somersworth, N. H., March 30, 1935.

To His Honor, the Mayor, and City Council:

Gentlemen: The members of Holy Trinity Parish hereby petition for a rebate of the rental of the Somersworth Theatre for the presentation of "Cappy Ricks," March 19, 1935.

Respectfully submitted,

J. F. Happny, Pastor.

The foregoing petition was granted March 30, 1935.

Somersworth, N. H., December 6, 1934.

To His Honor, the Mayor, and City Council:

Gentlemen: The undersigned petitioners respectfully request your Honorable Body for the installation of another street light on Orange Street, such light to be located in front of property located at 7 and 9 Orange Street.

Respectfully submitted,

Arthur H. Landry and 32 other petitioners.

Referred to Committee on Street Lights with power to act, April 2, 1935.

Somersworth, N. H., April 2, 1935.

To the Board of City Council:

Ordered: That the New England Tel. & Tel. Company be and hereby is authorized and permitted to: Revoke the location of:

Revoke:

3 Poles on First Street, off Indigo Hill Road in a southerly direction.

The foregoing revocation of location of poles was granted, April 2, 1935.

Somersworth, N. H., April 2, 1935.

To the Board of City Council:

The New England Tel. and Tel. Company respectfully petitions your Board to locate a route for its poles, with wires and cables thereon, and the necessary supporting and strengthening fixtures and wires, and grant a license therefor in the following public ways of said municipality:

Locate:

5 Poles on Maple Street, easterly side, and

2 Poles on Maple Street, westerly side, south of West High Street.

New England Tel. and Tel. Co.,

By George E. Wright,

Plant Superintendent.

The foregoing petition was referred to the Committee on Poles and Wires with power to act, April 2, 1935.

Somersworth, N. H., April 9, 1935.

To His Honor, the Mayor, and City Council:

Gentlemen: Your undersigned petitioners respectfully request your Honorable Body to regulate the parking of automobiles on the westerly side of Main Street from its intersection of Fore Street, southerly, to a point opposite the property located and known as

39 Main Street. Said regulations to allow one-half hour parking limit in above mentioned area.

Respectfully submitted,

Mrs. Florence Landry, Placide H. Lagueux, Peter E. Tremblay, John Plante, William P. Gahagan, Edward J. Nadeau, Leonce P. Plante, and Omer Caouette.

The foregoing petition was referred to the Street Commissioner with power to act, April 9, 1935.

Somersworth, N. H., April 9, 1935.

To His Honor, the Mayor, and City Council:

Gentlemen: Your undersigned petitioner respectfully requests your Honorable Body for a permit to erect a sign to overhang the sidewalk at his place of business, 5 Main Street. Said sign to be about 2½ by 3 feet and liability covered by the Coca-Cola Co.

Respectfully submitted,

Arthur C. Guilmette.

The foregoing petition was granted, to be erected under the supervision of the Street Commissioner, April 9, 1935.

Somersworth, N. H., April 8, 1935.

To His Honor, the Mayor, and City Council:

Gentlemen: We, as taxpayers on Page Street, would like a sidewalk at front corner of Maple to Winter Street.

Mrs. Pauline Horne, Mrs. Bert Stevens, Mrs. Edgar W. Wentworth, Joseph Grassi.

The foregoing petition was referred to the Committee on Roads, Bridges and Drains, April 9, 1935.

Somersworth, N. H., April 30, 1935.

To His Honor, the Mayor, and City Council:

Gentlemen: Your undersigned petitioners respectfully request the City Council for the installation of a street light on Indigo Hill Road to be located in the vicinity of the home owned by William Ricker, and further request that a hydrant be installed in that same vicinity to afford the property owners adequate fire protection.

Your undersigned petitioners also bring attention of the City Council to the condition of said Indigo Hill Road from High Street to Green Street and request, if it is possible, that this road be repaired and the work be done as a relief project.

Joseph L. Fortin, Adelard Huppe, Adjutor Turgeon, Henry Gagnon, Lucy Labbe, Adela Fortin, Emelia Ricker, William Ricker, Mary Bryant, Amanda Huppe, Hugh Brideau, Alfred Fortier, Louis Hebert, Jr., Mary Hebert, Joseph Rouleau, Georgianna Rouleau, John McGee, Rose Lefavre, Olivier Lefavre, Noel Lessard, Mary Lessard.

The foregoing petition was laid on the table, April 30, 1935.

Somersworth, N. H., April 29, 1935.

To His Honor, the Mayor, and City Council:

Gentlemen: Your undersigned petitioner respectfully requests your Honorable Body for a permit to erect an electrical sign at my place of business located at No. 113 Main Street. Said sign to be approximately 6 feet by 4 feet and to be sufficiently braced from the building to insure safety of pedestrians passing thereunder.

Lionel DesMarais.

The foregoing petition was granted, April 30, 1935.

Somersworth, N. H., May 7, 1935.

To His Honor, the Mayor, and City Council:

Gentlemen: Your undersigned petitioner respectfully requests your Honorable Body for a permit to erect a sign to overhang the sidewalk at my place of business located at 78 Market Street. Said sign to be approximately 3 feet by 2 feet, owned and insured by the Coca-Cola Company.

Respectfully submitted,

Ludger Gagnon.

The foregoing petition was granted, May 7, 1935.

Somersworth, N. H., May 7, 1935.

To His Honor, the Mayor, and City Council:

Gentlemen: Somersworth Post 69, American Legion, humbly petition your honorable Body for rebate for the rental of the Opera House April 26, 1935, on which night our play was enacted.

The proceeds of the play will be used for relief purposes.

Respectfully,

Fred Legro, Commander,

Alfred G. Pelletier, Adjutant.

The foregoing petition was granted, May 7, 1935.

Somersworth, N. H., July 2, 1935.

To His Honor, the Mayor, and City Council:

Gentlemen: Your undersigned petitioner respectfully petitions your Honorable Body for a permit to erect a sign at my place of business located at 117 Green Street.

Respectfully submitted,

Louis P. Pellerin.

Granted July 2, 1935.

Somersworth, N. H., September 16, 1935

To His Honor, the Mayor, and City Council:

Gentlemen: Your undersigned petitioner respectfully requests your Honorable Body for a permit to erect a sign at my place of business, located on Fore Street and known as the Rialto Lunch. Said sign to be the Electric Neon type, and to be sufficiently braced from building to insure safety of pedestrians passing thereunder.

Respectfully submitted,

Rodolph J. Gagne.

The foregoing petition was granted, October 1, 1935.

Somersworth, N. H., December 3, 1935.

To the City Council of the City of Somersworth, New Hampshire.

New England Telephone and Telegraph Company respectfully petitions your Board to locate a route for its poles, with wires and cables thereon, and the necessary supporting and strengthening fixtures and wires, and grant a license therefor in the following public ways of said municipality.

Locate:

1 pole on Market Street, as per attached plan.

New England Telephone and Telegraph Co. also petition for a license to remove poles from the following public ways:

Remove:

2 poles on Green Street, as per attached plan. No. P--2966.

New England Tel. and Tel. Co.,

Geo. E. Wright, Plant Supt.

The foregoing petition was granted, December 3, 1935.

Somersworth, N. H., February 11, 1936.

To the City Council of the City of Somersworth, New Hampshire, on Jan. 28, 1936.

Ordered: That the New England Tel. & Tel. Company be and is hereby Licensed and permitted to erect and maintain poles, with wires and cables and other incidental apparatus to be placed thereon, together with such supporting and strengthening fixtures and wires, including guy wires, as said company may deem requisite in the public ways of said municipality as hereinafter designated. All construction under this permit shall be in accordance with the following specifications:

The poles shall be located between the travelled driveway and the limits of the Highways approximately as shown upon the plan marked N. E. T. & T. Co., No., 2433-2 dated 1/9/35 attached to the order and made a part hereof. Said poles shall be not less than 4 inches in top diameter; shall be located approximately one hundred twenty-five feet (125) apart unless otherwise indicated on said plan but shall not be more than 200 feet apart. They may be attached to said poles not to exceed 50 wires and / or 2 cables, and all of said wires and cables except ground wires and connections with underground wires and cables shall be placed at a height not less than 15 feet from the ground.

The following are the public ways above referred to:

Locate:

4 poles on Maple Street, northwesterly side, from West High Street, northerly.

2 poles on Maple Street, southeasterly side, at a point approximately 650 feet from West High Street, southerly.

Ordered: That the New England Tel. & Tel. Co. be and is hereby licensed and permitted to remove the following:

Remove:

2 poles on Maple Street, northwesterly side, from West High Street, northerly.

2 poles on Maple Street, northwesterly side, at a point approximately 650 feet from West High Street, southerly.

Another petition identical with the above under date of 2/5/35, plan No. 2433-1 dated 1/9/35, with the following specifications:

Locate:

The following are the public ways referred to:

5 poles on Maple Street, easterly side.

2 poles on Maple Street, westerly side, south of West High Street.

The foregoing petitions were granted February 11, 1936.

Somersworth, N. H., January 27, 1936.

To His Honor, the Mayor, and City Council:

Gentlemen: We, the undersigned petitioners, respectfully request your Honorable Body for a sidewalk on High Street, toward Dover, from the residence of Mrs. Carrie Pray to the residence of Albert Sidney.

Respectfully Submitted:

Gedeon Blanchette, Carrie M. Pray, Albert E. Sidney, Albert Pulsifer, Oscar F. Washburn, Fugna Perreault, Arthur Blaisdell, Alfred Buskey, Albert Boulanger, Estelle Metivier, Jeanie Blaisdell, Alfred Beaudette, Mrs. M. Harriman, Verne Beaudette, Lena Mosher, Alfred Bouchard, Zarila Bouchard, Adelard Hebert, Bertha Fleurie, Joseph L. Fleurie, Mary Lizotte, Adelaide Thornton, Archie Lizotte, Alice M. Ruel, Mrs. Chas. E. Burge, Alphonse Blanchette, Chas. E. Burge,

Nelson J. Burge, Dona J. Turcotte, Mr. and Mrs. Arthur Walker, Chester Joy, Mr. and Mrs. Ida Valenti, Harry Hopkins, Raymond Joy, W. Blanchette, Ludger Plante, Mrs. Alice Plante, Irving E. Livingston, George L. Jackson, Earl Langley.

This foregoing petition was laid on the table February 11, 1936.

Juvenile court,	1
Placed on file,	9
Suspended sentence,	2
Appealed,	1
To leave city,	1

93

Number of lodgers, 374

City Marshal's report for the year ending February 29, 1936:

There were 113 accidents reported at the Police Station, 34 of which have been reported since December 12, 1935.

Divided as follows they are:

- 68 involving damage to cars (no personal injury)
- 8 involving property damage other than automobiles.
- 2 involving personal injury while driving under the influence of intoxicating liquor.
- 2 resulting in the death of two persons.
- 23 involving personal injuries.
- 10 involving persons who apparently were not injured.

Total 113

Since December 12, 1935, there were approximately 100 tags issued to automobile drivers for violation of the City Ordinances and Motor Vehicle laws, particularly parking,—with left side to curb, too close to hydrant, restricted area,—leaving motor running unattended, etc.

With the continuance of the cooperation of the operators of cars the number of accidents should be greatly reduced this coming year.

Respectfully submitted,

Hayward C. Logan,

City Marshal.

STREET COMMISSIONER'S REPORT

Somersetworth, N. H., March 1, 1936.

To His Honor, the Mayor, and City Council:

Gentlemen: In accordance with the provisions of the City Ordinances, I herewith submit my annual report for the fiscal year ending February 28, 1936.

The consolidation of the Highway and Cemetery Departments has proven successful financially the past year; through this consolidation we have been able to reduce the operating expenses of these departments. The transferring of Garbage Collections to the Highway Department has met with the approval of our citizens and many favorable comments have been received. We have collected the past year approximately 1,864 loads of garbage with the Mack truck at a cost of one thousand six hundred and eighty-four dollars and ninety-six cents (\$1,684.96).

During the year we have had repaired the Mead-Morrison tractor that had been abandoned and it gave very satisfactory service the past year, which more than warranted the expenditure on the repairs. There also has been added to our equipment two sanding machines, which enables us to do a more satisfactory job sanding our streets.

During the past year we have oiled the following streets: Third, Burke, Summer, Elm, Myrtle, Hanson, Horne, Lincoln, and Locke avenue. Several gutters have been filled in with gravel and retopped with tarvia, also we have installed three new receivers on Lincoln, Spring and Main streets, and one new manhole on High street.

I would recommend the gravelling of the gutters and oiling of Main, Union and Green streets, also the resurfacing of Ford, Page, and Grove Streets.

Respectfully submitted,

John R. Hodsdon,
Street Commissioner.

WATER DEPARTMENT

COLLECTOR'S REPORT

Somersworth, N. H., February 29, 1936:

**REPORT OF THE SUPERINTENDENT OF
FOREST GLADE CEMETERY**

Somersworth, N. H., March 1, 1936.

To His Honor, the Mayor, and City Council:

Gentlemen: Herewith I submit a report of the affairs of Forest Glade Cemetery for the year ending February 29, 1936.

Receipts

Appropriation,	\$1,500 00	
Receipts,	1,053 95	
Trust fund income,	1,125 82	
	<hr/>	
Total,		\$3,679 77

Expenditures

Labor,	\$3,234 28	
Supplies and repairs,	429 27	
	<hr/>	
Total,		\$3,663 55
Unexpended balance,		\$16 22

The cemetery has been given the usual amount of care the past season, the lots having been mowed, clipped and raked six times throughout the season. Perpetual care signs and urns have all been painted. All sunken graves have been filled and levelled. The reason for the reduction in the expenditure for the past year has been due to the consolidation of the Department with the Highway Department, and the transfer of labor between these departments has resulted in a saving of approximately one thousand three hundred and ninety-six dollars and sixty cents (\$1,396 60). There has been an increase of one thousand dollars (\$1,000 00) in the Perpetual Care Fund, due to interest

rates, there has been a reduction of two hundred and nine dollars and eighty-two cents (\$209 82) on our Trust Fund income the past year.

Respectfully submitted,

John R. Hodsdon,

Superintendent.

CITY CLERK'S REPORT

FIRE CHIEF'S REPORT

Somersworth, N. H., March 1, 1936.

To His Honor, the Mayor, and City Council:

Gentlemen: I herewith submit to you my third annual report of the Fire Department.

ORGANIZATION

Chief—John O'Neil

1st Deputy—Harry D. Ledger

2nd Deputy—Noel Chasse

Department

Captain—Napoleon Couture

1st Lieutenant—Harold Hodsdon

Clerk—John R. Hodsdon

Drivers

Arthur Nadeau, Ernest L. Heon

Joseph Leteran, Alfred Plante

Harold Hodsdon, Orin Littlefield

Mechanic

Eugene J. Morin

EQUIPMENT

One American LaFrance Triple Combination hose, pump and chemical.

One American LaFrance City Service truck, ladder and chemical.

One Ford V-8 Combination pump and hose.

One hand-drawn emergency hose and reel.

One hundred twelve alarms were responded to, including general, still and telephone calls.

Forty-six permits to burn grass, leaves, etc. were, issued.

Fire drills are held regularly in the schools.

Chemicals in the public buildings are kept charged and located where easy to get at if needed.

Woodlands are kept posted with forest fire warnings and closed during dry spells.

Inspections to eliminate fire hazards are conducted.

Traffic conditions at the time of a fire alarm are handled with the cooperation of the police department. The dry spell during the summer months resulted in a large number of alarms for grass and brush fires. These, with other alarms and telephone calls investigated, have made the past year quite a busy one.

Respectfully submitted,

John O'Neil,

Fire Chief.

- 551 West High and Cement road.
- 45 Lily Pond road.
 - Tests: 2 Blasts, 6 o'clock P. M. and 12 noon.
 - 1 Blast: Engineer's Call.
- 2-2-2 House call.
 - 4 Out of town and brush fire.
- 1-1 No School Signal.
 - Morning, 7:30-7:45.
 - Afternoon, 12:30-12:45.

GENERAL RULES

Firemen as well as citizens should familiarize themselves with the following rules for giving alarms of fire.

- 1 Never pull a box for a fire seen at a distance.
- 2 Never pull a box while the alarm bells are ringing, not until a box has completed its four rounds. Two boxes cannot operate together, and neither will work if two are pulled at the same time. Never pull two alarms of two boxes for the same fire.
- 3 To ring in an alarm, break the glass in the key-box and open the outside door with the key. Pull down the brass crank seen inside, till it stops, then let go. Then let the box alone. The clock will be seen or heard to be running, and the alarm will follow in half a minute or so. Close the door, but do not try to remove the key, as it is locked in track lock and can only be removed by a release key, which is carried by each engineer, who will, as soon as convenient, release and return it. Remember that the firemen will come directly to the box which has been pulled, and be sure that someone stays at the box to direct them to the fire.
- 4 Never pull an alarm for a fire seen at a distance. Never touch a box except to give an alarm of fire. Give an alarm for no cause other than actual fire. Don't give an alarm for a chimney fire.

REPORT OF THE CITY SOLICITOR

Somersetworth, N. H., March 1, 1936.

To His Honor, the Mayor, and the Honorable City Council:

Gentlemen: I submit herewith my report as city solicitor for the year ending February 29, 1936.

I am happy once more to report that the city has been involved in no litigation in any court during the past year either as party plaintiff or party defendant.

The juvenile record of our city, despite the hard times through which the people have passed, is a commendable one. During the past year improvement at the playgrounds has done much to occupy the minds of the youth of our city.

The National Youth Administration of the Federal Government is now very much concerned with this youth problem which is, of course, first: to find employment for our young people; and second, to give them some means of recreation. All the citizens of our city should be interested in this movement for, in these trying times, our youth certainly needs help.

The record of our municipal court compares favorably with that of any other city or town in the state insofar as we have been free from any serious crimes. We all trust and hope that this healthful condition will continue.

Respectfully submitted,

Thomas J. McGreal,

City Solicitor.

REPORT OF THE TRUSTEES OF THE
SOMERSWORTH PUBLIC LIBRARY

Somersworth, N. H., March 1, 1936.

To His Honor, the Mayor, and City Council:

Gentlemen:—The Trustees of the Public Library respectfully submit the report of the Librarian for the year ending February 29, 1936.

We feel that our library has done grand work during the past year, considering the small appropriation with which we have had to carry on the work. In submitting our report for the year just closed we would call attention to the constant use of the facilities of our Public Library and the continued demand for new books which are of vital importance for the success of any library.

Mrs. Savithes' report will be found interesting, showing as it does, an appreciation of the opportunities for reading and study offered by the library.

Respectfully submitted,

Henry P. Mullen
Thomas J. McGreal
Napoleon A. Habel
John R. Hodsdon
Henry C. Harden
Alfred J. Boucher

Trustees of the Somersworth
Public Library.

REPORT OF THE LIBRARIAN

Somersworth, N. H., March 1, 1936,

To the Trustees of the Somersworth Public Library:

Gentlemen: Herewith is submitted the report of the librarian for the year ending February 29, 1936.

During the year 439 new books have been accessioned and the number of volumes loaned for home reading totaled 35,724.

New books have been added regularly on the fifteenth of every month and this arrangement continues to be most satisfactory; an effort has been made to meet requests for books on all subjects.

If the Library is to help the manual and intellectual worker in his occupation or in his leisure, then we surely need books, more books than we have had in recent years. Our inventory may show so many thousand volumes in the Library, but a large percentage are outdated and not abreast of our age and problems.

An old book unread, should, perhaps, be as attractive to the borrower as the latest product of the press but the fact remains that it isn't!

We must not reduce purchases of new publications!

Then Library machinery must be kept functioning for the good of all patrons; there are days when the strain is most exhausting, but we endeavor to meet the waves of requests for information and to master all problems without turning aside.

It has been difficult to keep the demands of the Library within the appropriation, as Library activities being carried on, at the present time, are on a very limited allowance. It is hoped the city finance committee will be generous toward the Library this coming year and increase the appropriation, if possible.

STATISTICS

Number of volumes in Library, March 1, 1936,	17,245
Number of volumes acquired during the year,	439
(Of these, 62 were acquired by donation and 377 by purchase.)	
Number of volumes rebound,	216
Number of new borrowers registered during the year,	221
Number of borrowers' cards in effect, at the close of the year,	3,693

The Library was open 254 days, and the average circulation was 140; the highest circulation in one day was 237 on February 24, 1933, and the lowest was 56 on May 27, 1935.

Total number of volumes loaned for home reading,	35,724
(Of this number adult circulation totaled 30,794 while the juvenile books numbered 4,930)	

Of the 35,724 books loaned, 29,203 were fiction; the other classes of reading, numbering 8,521, were divided as follows:

General works,	111
Philosophy and religion,	160
Sociology,	596

Respectfully submitted,

Leona H. Savithes,
Librarian.

REPORT OF INSPECTOR OF PLUMBING

Somersworth, N. H., March 1, 1936.

To His Honor, the Mayor, and City Council:

Gentlemen: I herewith submit my report for the year ending February 29, 1936. Inspection of fourteen new sewer connections were made during the year, and also twenty-four inspections on alterations on plumbing, appliances and fixtures placed therein.

Respectfully submitted,

Eugene J. Morin,

Plumbing Inspector.

OVERSEER'S REPORT

REPORT OF AUDITORS FOR THE YEAR
ENDING FEBRUARY 29, 1936

To the Honorable Mayor and City Council:

This is to certify that we have examined the books and vouchers of the City Clerk and City Treasurer for the year ending February 29, 1936, and allowing for unpaid orders, the accounts agree.

We have examined the accounts of the Tax Collector, Superintendent of Water Works, City Messenger, and Clerk of Municipal Court. All receipts of money are found to agree with the records of the City Treasurer. The accounts of the various departments are correctly cast and totals agree with receipts and expenditures as shown by books of the Treasurer and City Clerk.

In our examination of the accounts of Forest Glade Cemetery, receipts of money are found to agree with the records of the City Treasurer.

Respectfully submitted,

Charles S. Wentworth,
Margaret Cray O'Connell,

Auditors.

Somersworth, N. H., September 30, 1936.

CEMETERY TRUST FUND

Donations and legacies held by the city for the care of graves and lots, avenues and monuments in Forest Glade cemetery, deposited in Somersworth Savings Bank as a cemetery trust fund, up to March 1, 1936.

In March, 1935, Antoine A. Fournier and James Perreault were
elected and Andre A. DesMarais and Haven Doe were appointed to
the School Board. Mr. Fournier became Clerk of the Board and
Hon. Alfred J. Boucher became Chairman.

REPORT OF THE SUPERINTENDENT OF THE SOMERSWORTH PUBLIC SCHOOLS

*To the Members of the School Board, Somersworth, New
Hampshire:*

Gentlemen:—I have the honor to present my seventh annual report. The addition of Milton to this supervisory union has doubled the mileage and has given your superintendent thirteen more teachers to supervise. Adult evening schools have been maintained in Somersworth and Salmon Falls, these and other F. E. R. A. projects have also demanded more of the time of the superintendent, so that he has not been able to give Somersworth schools the close supervision of former years.

The enrollment in the elementary schools has remained very nearly the same, as the statistic tables will show. Most of the rooms have an average attendance of forty or more pupils. Forty-four pupils graduated from the eighth grade. The high school enrollment has been the largest in its history and the graduating class numbered twenty-three. In the last ten years the enrollment in the high school has doubled. Every room is now occupied all the time and the gymnasium has to be used for a classroom once in a while. This room could be used to greater advantage if it was more easily heated.

Early in this school year we were petitioned to put the high school on a single session plan. This, we showed, to be impossible, unless we should open school forty minutes earlier (we now open at eight-thirty o'clock) (2) eliminate several subjects to shorten the day or (3) employ more teachers. As I have already pointed out, all rooms are now fully occupied and the city is not in a financial position to stand the expense of added teachers.

The superintendent regrets exceedingly that after having taught Art in the schools for twenty-five years, the need for economy forced the School Board to discontinue the services of Miss Alma B. Roy and the supervision of Art.

The adult evening school was conducted on the same plan as last year, but Mr. Thomas Hennessey was allowed to assist me for one hour each evening in supervising the work and making out payrolls and reports. The school was open for five evenings each week from 6.30 to 9.30 and from November to the Easter vacation. Five teachers were employed at a salary of fifteen dollars per week, all from Federal funds. The only cost to the City was for janitor service and heat. The latter was very small, since the gymnasium was in use by the regular students a majority of the evenings. The sum of sixty-two dollars and six cents was received from Federal funds for overhead expenses. The High School has been a busy place, as it ought to be.

The High School teachers having athletics in charge deserve great commendation for the way in which they have financed sports and made both ends meet. I only wish that the public would give their teams better support, both financially and otherwise. By decree of the School Board no public money is spent on athletics. They must be self-supporting. Good teams have been developed in all sports and the boys have won a right to enter the State Tournament in basketball for Class B Schools. The conduct of the participants in sports has been gentlemanly and ladylike and the games have been a pleasure to watch. Somersworth High School has the respect of all the schools with which it competes. The report of the Headmaster will give you more details of the activities of the High School.

The undernourished pupils in the grades, both pub-

lic and parochial, were supplied with needed milk from Federal funds. This continued until the Easter vacation. Graham crackers were given with the milk and these were paid for from local funds in the Public School Health fund. We now understand that no more Federal funds will be available for milk.

In February, Progressive Achievement tests, published by the University of Southern California, were given by the superintendent to all pupils in his Union in grades 4 to 8 inclusive. In reading only 16 per cent were below the Standard median and 51 per cent were above the Standard. In arithmetic, eight per cent were below the Standard median and 55 per cent above the Standard. In Somersworth 229 pupils took the tests and 119 were above the Standard in reading. In arithmetic 122 were above the Standard. These tests are regarded as being reliable indexes of achievement and were selected by the superintendent because he felt that California standards were high. If this is so, the schools of this Supervisory Union are maintaining satisfactory standards in these two important subjects.

Standard graduation examinations were given to the eighth grade and every pupil passed the tests. Barbara Vibert received a mark of 204 points. The expected median was 142 points and the median attained by Somersworth was 166.

This year the medal awarded for Citizenship in the eighth grade was given to Raoul Lagueux.

All schools held public exercises commemorating Armistice Day and Memorial Day.

The custom of allowing a visiting day to the elementary teachers was renewed this year and all teachers took advantage of it. From their reports I know that they profited from seeing other teachers

at work under different systems. All teachers attended the State Teachers' Association meeting at Manchester and the County Association meeting at Rochester.

All the school districts in the Supervisory Union contribute a share of the expenses of the superintendent to the meeting of the National Education Association, Department of Superintendence, held at Atlantic City in February. The New Hampshire superintendents who were there returned with the feeling that our State was maintaining a high standard in education. The New Hampshire schools have suffered less from the depression than any other section of the country. No schools have had shortened terms or "gone without," although some teachers have suffered severe reductions in salaries, but these salaries are gradually coming back. Books are used until they are threadbare and supplies reduced to a minimum.

In my last report I made the statement that it would not be possible to maintain standards for any less expenditure than we are now making, and the statement still holds.

The high schools throughout the country are this year celebrating the 300th anniversary of the founding of the first high school in America, the Boston Latin School. The graduation exercises of our high school centered around this event. Somersworth and Portsmouth are the oldest high schools in this State, both being chartered in 1848.

Throughout the United States a high school education is coming to be considered a necessity. During the past thirty years the enrollment in these schools has increased from ten per cent of the pupils of high school age to over sixty per cent. In contrast, European schools enroll only from eight to ten

per cent. The high school is looked upon as a place where pupils can profit in a period when they are no longer acceptable to industry. As Professor Charles H. Judd said in an address at the Atlantic City meeting of the N. E. A.: "To all objections raised by carping and penurious critics of the secondary schools of this country, there is one brief answer, and that answer is adequate. The American people have at all times, from the earliest days down to the present, eagerly desired and eagerly provided for the young people of the land education which is not limited to any social class or to eight years of elementary schooling. Devotion to the ideal of universal free education suited to the exacting demands of modern civilization brought forth in the United States a unique type of secondary education. The history of this nation guarantees the continued expansion of the secondary schools and of the whole educational system of the United States. The spirit which led to the organization of American high schools in the period following the war between the States and following the depression of 1873 is still alive and will overcome the obstacles which confront education in these troubled times. The people of the United States are seeking a fuller understanding and use of the human and natural resources of the country. They are adding to the program of secondary education a program of popular education for adults. The educational system of the United States will end its ministrations to the individual only when the individual ceases to desire the opportunity of improvement for himself and for his offspring.

Respectfully submitted,

HOWARD L. WINSLOW,

Superintendent of Schools.

REPORT OF HEADMASTER OF HIGH SCHOOL

To the Superintendent of Schools and Members of the School Board:

In presenting the annual report of the High School it seems fitting, at this time, to discuss briefly the reasons why languages, both ancient and modern, are fast losing their prestige as cultural subjects, and why there is a decided turn to the social sciences.

Today, as never before, our schools are subjected to and are measured by a single standard, that of utility. If a subject taught many years ago is still retained in the curriculum, the norm by which it is judged today is summed up in the question, "Why keep it there? Of what use is it?" This same norm is constantly applied to subjects recently introduced: "Of what value is it? Will it be useful to my children?" This critical attitude should be beneficial to education. It indicates a healthy interest on the part of our citizens in the schools. It presages the desire of the taxpayer to see that his investment in education shall return him one hundred cents on the dollar.

It is for this reason that there has been a very decided trend toward those newer and less formalized subjects which are considered, today, essentially fundamental to good citizenship. Because of this change there appears to be prevalent with certain groups an idea that these subjects are, in school parlance, relatively easy. Now it is not desirable that all work should be difficult; neither is it true that that which is pleasant is always good. There should be a happy medium of difficulties suited to the capacities of the child. There should be a task to be done and a chore to do. The subject matter may be relatively unimportant. The lesson itself comes first;

and lessons require faithful and laborious preparation.

Reduced to a specific principle the case may be stated in this fashion: Social Science, with the proper application on the part of the pupil, is proving quite as valuable to the future citizen as a course in ancient languages or in natural science. One stimulates the imagination quite as much as the other and requires just as much mental agility. Yet over and beyond this lies the question of utility. We live in a very practical age, where the stamp of approval is given only to those subjects which are vital to our scheme of living. Purely cultural subjects are frowned upon; yet there is no reason why Biology should not be as cultural as Latin, and Economics can be just as thought-provoking as Algebra. Ex-President Lowell of Harvard puts it this way, "It is not so much what one knows that counts in life as what use one can make of that which he knows."

To the end that there may be some practical application of knowledge we have, this year, sought greater motivation in languages by stressing the use of the one-act play. One each in English and French were developed. By this means the pupils have learned not only how to produce these short plays, but also how to write them, revise them, design costumes and scenery and finally to make a unit of the various parts. Such work stimulates the pupils to a greater appreciation of what is fine in literature, and while doing it they are manifestly making use of "that which they know."

Debating, too, is beginning to find some ardent supporters and while our schedule is never overcrowded and the number interested relatively small, we feel that it is quite as efficacious as many other extra-curricular activities. Debating engenders the

ability to think on one's feet and fosters that readiness of mental analysis which is so necessary in today's highly competitive world. There were in all five debates; two with Sanborn Seminary, two with Berwick Academy, and one with the Adult Night School.

During the year our teachers united with the teachers of Dover, Rochester and Farmington in a series of joint teachers' meetings. The dates of these meetings and the speakers were as follows:

February 5, at Rochester, Deputy Commissioner Walter M. May.

December 3, at Dover, Professor Arthur W. Jones.

February 4, at Somersworth, Rev. J. T. Cullum Blackmore.

March 4 at Farmington, Professor A. Munroe Stowe.

We have also conducted, under the supervision of the State Department of Education, a course in automobile driving which proved to be extremely popular with those who had attained their sixteenth birthday and were intending to secure an operator's license. Twelve certificates were awarded to those who completed this course.

This report includes but a partial catalogue of our activities for the current year, yet it presents a true cross section of work done in addition to the regular class room assignments, it being our purpose to show that a pupil in Somersworth High School has many opportunities to develop innate talents and to prepare for a life in which he will use 'that which he knows.'

Respectfully submitted,

JOHN R. UNIACK,

Headmaster.

REPORT OF THE SCHOOL NURSE

To the Superintendent of Schools, Members of the School Board and Citizens of Somersworth:

Gentlemen:—It is with pleasure that I respectfully submit my annual report as school nurse in Somersworth.

Number of children examined	1326	
Defective vision	127	Treatment secured 24
Defective teeth	506	Treatment secured 489
Enlarged tonsils	260	Treatment secured 48
Mastoids	2	Treatment secured 2
Orthopedic defects .	2	
Pulmonary disease ..	5	
Cardiac disease	1	
Underweight	143	

Communicable diseases found and excluded from schools:

Chicken Pox	18
Measles	7
Mumps	138
Pediculosis	20
Skin	2
Whooping Cough	4

It is needless to say that the usual amount of clothing was given to the needy children in the community and such help was rendered as circumstances permitted.

A generous amount of cod liver oil was procured from the government and this was distributed to those who were unable to obtain it otherwise.

Through the assistance of the county we were able to have a limited number of children fitted with

glasses and secured medical aid for the removal of tonsils in certain cases.

A few pupils were taken to the celebrated specialist, Dr. Jones, of Manchester, for orthopedic corrections.

Preparations were made for a T. B. and Underweight clinic, but due to the illness of Dr. Kerr, of Manchester, the clinic was postponed.

After reviewing the school year record, I believe the student body has been quite free from any serious ailments and no doubt the close supervision of the school nurse is responsible for a part of this fine record.

In closing, I wish to thank the Superintendent, School Board, Teachers and Parents, for assisting me during the school year.

Respectfully submitted,

DOROTHY A. KAVANAUGH, R. N.,

School Nurse.

REPORT OF TEACHER OF DRAWING

To the Superintendent of Schools and Members of the School Board:

It is with pleasure that I submit the report of my twenty-fifth year's work as teacher of drawing in the City of Somersworth. During this time I was employed here in town three days each week.

The general line of work has been along the same lines as that of last year. Drawing from nature and from objects; and suitable decorations for them. A good deal has been undertaken in the way of constructive work, that is, mapping out patterns for objects and constructing them out of paper of various thicknesses according to the ability of the pupils.

We are trying to help the young people to see, and tell what they see clearly. We would help them do useful things and do them carefully and well.

Each grade is provided with a set of crayons. In the first grade the children have a special crayon, which is larger and easier for them to use. The results from the crayon work in the grammar grades surpasses any work done in previous years. I believe that when a child expresses the color of an object, he expresses the form more correctly. The student's interest has been intense, and the drawings true to nature. In the lower grades, the study of actual facts of the solids, number of faces, shape of faces, etc., have gone hand in hand with the study of their appearance under different conditions. This prepares the way for perspective drawings in the grammar grades. Brushes are used in all the grades, either with ink or water colors and good results have been obtained. The use of the brush

gives training of great value, training only the teacher can give. Teachers report and improvement in free arm movement in writing, which has resulted from the use of the brush in the drawing lesson.

In High School the pupils are allowed to choose the type of work they like best, whether it be sketching in ink or pencil, poster work—water colors, stenciling or block printing. In so doing I have been able to determine in which line of work the students excelled, and have been able to give him training in that particular work.

On May 22-23 the annual exhibit of the pupil's work was held in the Chandler School.

Respectfully submitted,

ALMA B. ROY,

Supervisor of Drawing.

REPORT OF MECHANIC ARTS INSTRUCTOR

To the Superintendent of Schools and Members of the School Board:

Gentlemen:—The principles of woodworking have been given to the seventh, eighth and special grade boys. Types of projects that have been selected came from various sources, such as newspaper advertisements, catalogues and sketches of furniture from furniture store displays. The seventh and special grades learn the fundamentals of woodworking and the finishing of different Cabinet woods, which enables them to undertake higher standards of woodworking in the eighth grade and in the high school. The type of project for seventh grade boys must be simple and should be of a practical use in the home. Too many beginners wish to attempt the larger and more complicated projects without first learning the principal function of woodworking tools. Cooperation with the parents in selecting useful and practical projects is my first thought whenever a boy wishes to start a new project. Good useful beginning projects should be taken from the following.

Book Ends, Taborets, Letter Racks, Bread Boards, Plain Ironing Boards, Simple Lamps, Scout Kits, Trellis and similar low cost projects.

Mechanical Drawing has been very practical, as such working drawings as the Mechanic Arts Shop, Lathe, Jointer, Cedar Chests, and Steam System have been completed.

The class in Electricity numbered twenty boys, which is a rather large class for the equipment and room available. This group made several pieces of apparatus for use here in the shop. A telephone system was set up and operated successfully. Sev-

eral jobs that will be of practical use to all members was furnished in the old fire station. The class started with the principles of magnetism and then studied cells, batteries, motors, generators, transformers, circuit breakers and wiring of finished and unfinished buildings. Experimental jobs have been done in the form of experiments on all of these units of work.

As in the past the annual exhibition was held in May with that of Domestic Arts and Drawing.

I wish to thank all who have helped us throughout the past year.

Respectfully submitted,

JOSEPH O. LAFOND,

Instructor of Manual Arts.

REPORT OF THE DOMESTIC ARTS INSTRUCTOR

To the Superintendent of Schools and Members of the School Board:

I respectfully submit my annual report of the work done in the Domestic Arts Department of the Somersworth Schools.

The seventh and special grade girls have canned fruits, vegetables, relishes and made jellies. They prepared and served six balanced meals, suitable for the average home represented. Sewing projects consisted of aprons, slips, pajamas, blouses, dresses and Christmas gifts.

The eighth grade girls canned fruits, vegetables, relishes and prepared jellies. They prepared and served six balanced meals. Consideration was given to nutritive values, cost of food in season, method of preparation and service. The clothing projects consisted of slips, pajamas, blouses, dresses, suits and Christmas gifts.

The work of the high school freshman and sophomore classes has been a study of clothing selection, construction, care and repair, dress accessories, millinery, costume design and social relationships.

The junior and senior classes have studied "The Home, Its Care and Management." This considered the house, its history, location, furnishing, management and appliances; also household accounting and planning and care of the home grounds. Visits to nearby gardens has given us valuable information on mulching, rock gardens, planning a garden and becoming familiar with flowers suitable to this community.

In October the sophomore class spent a Saturday in Boston visiting places of special interest.

The annual get-together was held at the High School May 1. Two plays were enacted, one by the English Department, written by Mary Ducharme, and the other presented by the French Department. This Cooperaton was greatly appreciated.

The annual spring exhibition of the Drawing, Manual Arts, and Cosmetic Arts was held May 22nd and 23. This was well attended. The Junior class girls spent the week-end of June 8th at Wells Beach. This afforded an ideal opportunity for cooperation in work and play.

I wish to thank the Superintendent, School Board, teachers and parents for their helpful cooperation during the year.

Respectfully submitted,

MILDRED C. CASWELL,

Teacher of Domestic Arts.

James Francis McKeon—Secretary

Elsie Eleftherion—Treasurer

The Richard Royal Eastman prize was awarded to Helen Collay.

Membership cards in the Somersworth Woman's Club were awarded to Marie Collins and Anna Deschenes.

CLASS ODE

'Twas just four years ago that we entered,
The dear old school on top of the hill;
There we have worked and played together
And we hoped 'twas with a right good will.
Now is the time to leave our dear old schoolmates
In our hearts is a fond farewell
We shall always remember that onward's our aim
Where'er, though divided, we dwell.

The future may find us less joyful;
Paths may be rocky; life may be drear;
But our days in the dear old High School
Have trained us to conquer all fear.
Now we go forth, each on his own way
Ready to fight that great battle—life's fray.
So we'll just say farewell to the school that we love
On the dear old Prospect Hill.

VITAL STATISTICS

FOR THE

YEAR ENDING DECEMBER 31, 1935

Births

Births Registered in the City of Somersworth for the Year Ending Dec. 31, 1935

Date of Birth	Name of Child	No. of Child	Name of Father	Maiden Name of Mother	Birthplace of Father	Birthplace of Mother
